Corporate Governance Statement

The Board is accountable to its shareholders for the performance of Count Limited ABN 11 126 990 832 (**Count** or the **Company**). In carrying out its responsibilities, the Board undertakes to serve such shareholders honestly, fairly, diligently and in accordance with applicable laws while having due regard to the interests of employees, authorised representatives and the broader community.

In discharging its duties, the Board is responsible for, amongst other things, adopting policies and procedures to ensure that the Count Directors, management and employees fulfil their functions to the standards and in accordance with the principles set out in this Corporate Governance Statement.

The Board's corporate governance policies and practices comply with the recommendations in the 4th edition of the ASX Corporate Governance Council's "Corporate Governance Principles and Recommendations" (**ASX Recommendations**).

Principle 1

Lay Solid Foundations for Management and Oversight

The Board and management have agreed on their respective roles and responsibilities and the Board has adopted a Board Charter that details the Board's functions and responsibilities. The Board Charter is available on the Count website (<https://www.count.au>). The Board has also established Delegations of Authority for matters delegated to the authority of the Chief Executive Officer (CEO) and other managers. The CEO and management are empowered to make decisions they believe are appropriate for the business, whilst remaining accountable to the Board. The Board delegates the management of resources to senior management under the CEO's leadership. The Board has also created a dedicated Risk, Governance and Company Secretary team, to enhance the effective implementation of its good governance policies across the Company's range of activities.

Responsibilities

As per the Board Charter, the responsibilities of the Board include the following:

- Provide leadership and set the strategic direction of Count with management and monitor management's implementation of that strategy and management's performance generally.
- Monitor financial outcomes and the integrity of reporting, and in particular, approve annual budgets and longer term strategic and business plans.
- Set specific limits of authority for management to commit to new expenditure, enter contracts or acquire or dispose of businesses.
- Monitor compliance with regulatory requirements (including continuous disclosure) and ethical standards, including reviewing and ratifying codes of conduct and compliance systems.
- Monitor the effectiveness of the audit, risk management and compliance systems that are in place to protect Count's assets and to minimise the possibility of Count operating beyond acceptable risk parameters.
- Approve dividends.
- Provide effective and timely reporting to shareholders.

Count's management is obliged to supply the Board with information that enables it to effectively discharge its duties. This is facilitated by the Company Secretary, who is responsible for completing and distributing Board agendas and briefing materials. The Company Secretary is directly accountable to the Board, through the Chair, regarding the proper functioning of the Board.

Count has a written agreement with each Director and senior executive defining the terms of their appointment.

Information relevant to Directors and senior executives

Count undertakes appropriate checks before appointing a Director or senior manager or recommending to shareholders that a candidate be elected as a Director.

If shareholders are deciding on whether or not to elect or re-elect a Director, the Board will provide shareholders with all the relevant material information that it possesses.

Performance evaluation for Directors

In the ordinary course, Count carries out evaluations on individual Directors, the Board Committees and the Board as a whole. Such evaluations involve self-assessments and may include third party assessments as circumstances may require. The most recent external performance evaluation of the Board was undertaken during the financial year ended 30 June 2022. As part of the appointment process of a Non-Executive Director in the financial year ended 30 June 2023, the Board evaluated the skillset of the current Board members.

Performance evaluation of senior executives

Count has processes for evaluating the performance of its senior executives. Each senior executive is evaluated against agreed performance objectives. The evaluation process is conducted annually. Such evaluation was performed during the financial year ended 30 June 2023 and the results incorporated into their remuneration outcomes. Information regarding Count's remuneration practices is provided in the Remuneration Report in the 2023 Annual Report.

Diversity Policy and Gender Diversity

The Company values diversity and recognises its benefits. The Company believes that it should hire, develop, promote and retain people strictly based on their talents, experience, commitment and performance.

The Company has a Diversity Policy, which sets out the Company's diversity objectives on gender, age and ethnicity, amongst the other areas specified in the Diversity Policy, which is on the Company's website (<https://www.count.au>). The Company's Diversity Policy includes the Company's requirement to establish measurable objectives for achieving gender diversity and reporting the Company's progress in achieving these objectives.

The Company promotes its Diversity Policy through communication of the Policy to all Firms¹. This helps Count apply the Diversity Policy across the Company and its subsidiaries (Group). The Company also addresses discrimination and harassment through prevention and awareness of the Company's Diversity Policy.

Count undertakes several initiatives that assist in achieving, fostering and supporting the Diversity Policy, including:

- Retaining key employees by creating an environment of growth, advancement and retention of staff, regardless of gender, age, cultural background, and/or ethnicity;
- Making the Diversity Policy available on the Company's website;
- Hiring employees and Directors from a diverse candidate pool;
- Developing career progression based on merit. As part of the Company's succession planning process, well-performing staff are identified for career progression. A management leadership program assists staff in reaching senior management roles;
- Reviewing the Company's objectives and on an annual basis, including the participation of women in leadership positions; and
- Developing other internal Group policies which support the Diversity Policy, including the "Code of Ethics and Conduct Policy" and "Whistleblower Policy".

The Company's Diversity Policy encourages gender diversity and outlines the Company's commitment to creating a fair, equitable and respectful workplace where staff are considered for opportunities to advance on merit. As part of its commitment to improving gender balance in the workplace, the Company has adopted the ASX Recommendations, including a target for female participation within the Group as follows:

	Target % by 2023	Actual % 2023	Actual % 2022
Number of women employees in the Group	40% - 60%	64%	60%

Directors are considered to be independent if they are not part of management and if they are free of any interest, position or relationship that might influence their capacity to independently judge Board matters, and to act in the best interests of Count and its shareholders. The Board will consider the materiality of any relationship on a case-by-case basis.

The Board considers Alison Ledger, Carolyn Colley, Kate Hill and Tim Martin to be independent Directors. The current Chair, Ray Kellerman, is also considered by the Board to be an independent Director.²

The following table sets out the length of service of each director:

A copy of these policies are available on the Company's website (<https://www.count.au>).
