Count Limited ABN 111 26 990 832 ("Count") owns 85% of the shares in the Licensee and Count Member Firm Pty Ltd ACN 633 983 490 owns the remaining 15% of the shares in Count Financial. Count has subsidiaries and associates that provide accounting and financial advice services. Many of the Count subsidiaries and associates that provide financial advice services do so as authorised representatives of Count Financial.

### 2. Disclosure documents

You may receive the following documents when your Adviser provides financial services to you.

### Statement of Advice (SoA)

If your Adviser provides personal advice tailored to your circumstances and needs, you will receive a SoA. The information contained in the SoA will help you make an informed decision in relation to the advice provided. It also sets out the advice, the reasons for the advice and details about any remuneration payable.

### Record of Advice (RoA)

If you were previously issued with a Count Financial SoA, certain circumstances may allow the provision of further advice without the need for another SoA. Where this is the case, you will be provided a Record of Advice (RoA).

Additionally, in certain circumstances where you are provided advice on a small investment balance you may be issued with a RoA. Your Adviser may provide you with a copy of the RoA, which will outline the advice, the reason for the advice, and details about any remuneration payable.

### **Product Disclosure Document (PDS)**

You will receive a PDS if your Adviser recommends a financial product or offers to arrange the issue of a financial product on your request. The PDS contains information about a financial product's features, fees, benefits and risks.

### 3. Services and products we offer

Having access to a comprehensive range of products and services helps ensure your Adviser can provide a tailored financial solution just for you.

### Advice services we provide

Our licence can provide advice, and deal in, the following classes of financial products:

- Basic deposit products
- Life insurance
- · Government debentures, stocks and bonds
- Managed investment schemes
- Retirement Savings Accounts
- Securities
- Superannuation, and
- Standard margin lending.

### Approved products

Our specialist product research team undertakes due diligence on product providers and also use independent research providers to select a range of high-quality products worthy of recommendation to our clients.

While other products may also be suitable to your needs, your Adviser will generally only provide advice on products that are listed on the Count Financial Approved Product List ('Count Financial APL').

All products on the Count Financial APL must meet our rigorous selection criteria and approval process to be listed on the Count Financial APL.

Depending on your objectives, financial situation and needs, your Adviser may need to recommend a financial product that is not on the Count Financial APL. If this happens, any product that your Adviser may recommend needs to meet our selection criteria and approval process. The specific financial services and types of products that your Adviser is authorised to provide are outlined in Part Two of this FSG.

### **Non-advisory transactions**

At times you may wish to make an investment transaction and do not need assistance from us with any decisions in relation to the product or transaction. In these cases, we can take your instructions and arrange for the transaction to be completed, without providing personal advice. If you wish to proceed without advice from us, we will ask you to confirm your instructions in writing and sign an acknowledgment form. Any assistance we provide to complete your transaction should not be taken as a recommendation or endorsement of the product or transaction.

### Services we are not responsible for

We are only responsible for those financial services or products offered by your Adviser in their capacity as an Authorised Representative of Count Financial. This does not include any other services your Adviser may provide in any other capacity, including as an accountant or tax agent, such as:

- Any other services not provided as an authorised representative of Count Financial.

In all your dealings with your Adviser you must satisfy yourself as to who is responsible for the advice or services provided to you. If you require further clarification, please do not hesitate to contact Count Financial.

In order to provide tax (financial) services to you an Adviser must be a Qualified Tax Relevant Provider (QTRP). Based on the information collected from you, your Adviser will consider the tax consequences that relate directly to the financial advice being provided, however, this financial advice will not include an assessment of your overall tax position. To determine how your Adviser's financial advice fits with your overall tax position, you should seek separate tax advice about liabilities, obligations or claim entitlements that arise, or could arise, under taxation law.

# 4. Remuneration that we or Count Financial may receive

All advice fees and commissions are required to be paid directly to Count Financial as the licensee. Count Financial may retain a percentage and the balance that is attributable to the financial services we provide is passed on to us.

If the fees, commissions or benefits are not calculable prior to the commencement of our services we provide, we will describe the manner in which they are calculated and provide an estimate of the applicable remuneration.

### Financial planning advice fees

The fees or other costs that we may charge for services provided or products recommended, depends on the nature and complexity of your situation and the advice that is provided.

Your Adviser will agree with you on the form and amount of charges before they provide any advice or services. The general way you pay for our services is through our financial planning advice fees.

The methods are explained below, and the actual costs, will be disclosed to you in an agreement, before we undertake this work at your expense. You have the right to request further information in relation to the remuneration, the range of amounts or rates of remuneration that we or your Adviser may receive. The fees and charges for our advice and service may be based on a fixed dollar amount, percentage of funds invested, an hourly rate, or any combination of these.

Where we are aware that you have used borrowed funds to

invest through us, including where we recommend that you borrow to invest, we will not charge you percentage based fees on any borrowed amount.

Our financial planning advice fees generally include charges for providing you with a SoA, RoA, ongoing advice and services, or it can be for other fees, such as a fee for a transaction. You may choose to pay these fees directly or from an eligible financial product which you hold, or which we recommend.

Please refer to Part Two of this FSG for further details on fees that we charge.

### **Insurance commission payments**

When we advise on an insurance policy that you hold, or we recommend, we may receive initial and ongoing commission payments from the product issuer.

An initial commission is a one-off payment made upon entry to a financial product and an ongoing commission is paid each year for which a financial product is maintained beginning from year two. These commissions are based on a percentage of the funds you invest, or the premiums you pay. They are not paid directly by you and are instead paid by the product issuer. We only receive commission where we are entitled to receive these payments through existing arrangements with product providers.

If you are charged a Financial Planning Advice Fee, we may rebate some or all of the above commission to you.
